

## EXAM 1 & 2 ★ SUGGESTED STUDY STRATEGY

You can use the following to help you scaffold your learning:

- ★ GET AN OVERVIEW FROM YOUR TEXT BOOK: chapter reviews, review questions, outcomes, class tests
- ★ WORK THROUGH YOUR class work
- ★ WORK THROUGH YOUR assignments
- ★ USE YOUR TEXT BOOK AGAIN: Questions at the end of each chapter, especially the "deeper" ones like "problems & exercises", "projects & research", "mini-cases"
- ★ WORK THROUGH THE book's chapters if you feel it is necessary
- ★ WORK THROUGH THE tests & memo's <semester & big> and old exam papers
- ★ Get together with peers and anticipate questions & potential answers (get into the lecturer's head).

- ★ Additional help:
  - Happy Hour questions & answers
  - Expert Witness case studies
  - Exam PREP case study
